DRUM KITS (to square size depths)
 *all our colours/ finishes are applied by hand to the desired effect and finished with a Quality lacquer gloss or matt.
 Here at Liberty Drums we offer our pre configuration ranges or alternatively you can design your own from the formation guide. Below we have a list of different kit formations that we suggest. The depth of each shell can be determined by yourself or we can advise on ideas that would best suite you.
 Please contact us to finalise finish type and hardware for your dream kit.
